

NHS Wales e-Library for Health Expo

**Exploring Equality,
Diversity, and
Inclusion in the
National e-resources
for NHS Wales.**

09AM

Welcome to your NHS Wales e-Library for Health

Join along this tour, delivered by Bex from the e-Library team, as we walk through a demonstration of the e-Library website, covering key areas such as:

How to find the e-Library website

How to find what you're looking for

How to log in when on and off the NHS Wales network

Do you have any questions about using the e-Library website – make sure you ask – or submit them before the session to have your questions answered

10AM

Finding Information: An introduction to Information resources and literature Searching

Join Pauline Goodlad (Librarian at John Spalding Library, Wrexham Maelor Hospital), and Rhys Whelan (Library Services Manager at Morriston Hospital, Swansea Bay) as they deliver a brief introduction to information resources and literature searching.

Objectives:

- Identify appropriate sources to search for topics*
- Search for information and evidence using keywords and Boolean operators*
- How library services can support you in finding information*

11.30AM

BMJ Best Practice

BMJ and health inequalities - BMJ Journals, BMJ Best Practice

This webinar will start by giving you an overview of BMJ Journals, so you can make the most of your access. It will also demonstrate some of BMJ's leading journals' websites and signpost curations of articles that highlight the discrimination and health inequalities related to race and ethnicity experienced by patients and doctors.

BMJ's clinical director, Dr. Kieran Walsh will then describe the importance of comorbidities in the context of socioeconomic inequalities and what BMJ is doing to improve the care of patients with comorbidities.

1PM

ClinicalKey®

NHS Wales e-Library expo: Clinical Key - Advancing Diversity efforts at the clinical environment: the why and how

Join Gladys Lopez from Elsevier as she talks about:

·Defining diversity and inclusion

·Finding the why on the Clinical environment

·Getting aware of the how by using tools available at the library

·My actions count... next steps

2.15PM

High-Risk Pregnancy

MANAGEMENT OPTIONS

Cambridge
Core

Risks in Pregnancy associated with ethnicity and race (exploring e-Book: High-Risk Pregnancy from CUP)

Join with Caz Kerbyson from Cambridge University Press as we explore:

- How to find and access High-Risk Pregnancy in the NHS Wales e-Library
- Pregnancy risks associated with race, disease risk and race and ethnicity differences when measuring pregnancy
- The functionality of High-Risk Pregnancy, highlights of the e-resource including up to date content and video content

ALL SESSIONS ARE RECORDED, SO IF YOUR BUSY CALENDAR OF COMMITMENTS CAN'T STRETCH TO JOINING IN, DON'T WORRY, BY REGISTERING YOUR INTEREST, YOU'LL BE SENT A COPY OF THE RECORDING IF YOU CAN'T MAKE IT.
