BMJ Best Practice

With Comorbidities Manager

<https://elh.nhs.wales/evidence-summaries/>

“I was surprised how easy it was to have all that wealth of information at hand, analysed and summarised for me. It saved me a lot of time. I think co-morbidities manager will help not only with my decision making using evidence based medicine but also with teaching. ”

“...I think it might make checklists and safety nets a little easier to implement and I think in fast paced working environments or at times when fatigue can cause mistakes it may help make life a little easier and safer.”

NHS Wales users on BMJ Best Practice and the Comorbidities Manager
