

# NHS Wales e-Library for Health Expo

## **Exploring Equality, Diversity, and Inclusion in the National e-resources for NHS Wales December 2021**

*All sessions are recorded,*

09.30AM

## ***Welcome to your NHS Wales e-Library for Health***

**Join along this tour, delivered by Bex from the e-Library team, as we walk through a demonstration of the e-Library website, covering key areas such as:**

**How to find the e-Library website**

**How to find what you're looking for**

**How to log in when on and off the NHS Wales network**

**Do you have any questions about using the e-Library website – make sure you ask – or submit them before the session to have your questions answered**

11AM

## ***Health Policy***

**Join with Naeem Yar, a librarian from Welsh Government, as he discusses the newly launched Subject Guide on Health Policy available through the NHS Wales e-Library\_**  
**<https://elh.nhs.wales/subject-guides/health-policy/>**

**This session will cover:**

- **A walk-through of the guide, including what it covers and how it can be used**
- **Discussion of how the guide was put together, including identifying areas of focus, resources to include and considering what content users might find useful.**

**12:30PM**

## **EMPOWER: Cultural Competencies & International Nurses**

Join Gladys from Elsevier as she delivers: EMPOWER: Cultural Competencies & International Nurses

The NHS Wales e-Library subscribes to both Clinical Key and Clinical Key for Nursing and this presentation will be exploring these evidence summaries through the EMPOWER project.

**Description:** In an era where the world is more connected than before, understanding and developing cultural competencies is an essential skill for nurses and nurse leaders. Strategies that strengthen professional self-concept have been demonstrated to improve the nursing performance of internationally qualified nurses.

The Elsevier EMPOWER project aims to improve health outcomes for minority and marginalised communities by supporting Healthcare Professionals use evidence based information and knowledge tools. This efforts will also support essential clinical awareness and cultural competence. This workshop is run by founding member of EMPOWER and will discuss how you can lead through daily actions of inclusiveness, support difficult conversations, overcome unconscious bias and promote change.

**2PM**

## ***Health inequality issues among youths undergoing gender reassignment – a literature review on ProQuest sources***

Join with Daniela Cason, from Proquest as she explores:  
Health inequality issues among youths undergoing gender reassignment – a literature review on ProQuest sources

**Learning objectives:**

- better understand the content collections covering Psychology, HealthCare and Social sciences available from ProQuest
- apply best practices for efficient searches on the topic of health inequality for young people facing gender reassignment
- use the platform features for analysis, display, export of results, save searches and create alerts
